Raphael Tuck & Sons' "OILETTE" *Postcard* 9271.

A Window in Thrums This Window in Thrums commands the brae, up which every visitor to the village must pass. To old Jess in her white mutch looking out through her geraniums every figure is a friend, from the baker in his smart pony-cart to the auld wife in her shawl, from the minister walking along with his head bent, glowering over his next sermon, to Elder MacTavish in his Sunday "blacks."
